Welcome

Welcome to the Thirty-first Annual Hall of Fame Banquet!

It is a privilege to continue this, one of Santa Barbara's most time-honored celebrations. The annual Hall of Fame Banquet is among our most momentous events when the community joins in saluting young student athletes who have already made their mark in the athletic arenas of Santa Barbara County. Recognition is rightly given, as well to community leaders, coaches and volunteers whose contributions are crucial to our honoree's successful accomplishments.

Our visionary founders, Jerry Harwin and Caesar Uyesaka, provided us with a means of being a positive influence for today's youth. Performing as athletes prepares young people to develop character, courage and discipline, tools that are essential to facing successfully the challenges their futures present. Athletic accomplishments offer them a micro-cosm of life.

Thank you for joining us in this 31st celebration! You, by your presence tonight, and further proof of the fact that you share and value our goal: *The advancement and betterment of all sports and athletics in the greater Santa Barbara area.*

Special President's Awards

We are fortunate to have the support of Cox Cable Communications, whose expertise insures that everyone in this area has the opportunity to witness this evening's exciting program. The Cox organization's commitment to youth is further evidenced by their scholarships for both athletic and academic achievements.

It is important to give special recognition to Gerry Fall of KEYT-TV Channel 3, who is untiring in his support of our local athletic events. We may never know how many young lives he inspires or how many youths regard him as their role model. His faithful support of our weekly Press Luncheons in true dedication to our aspiring athletes. He can make anyone want to stand up and cheer!

Jerry Pimm is another personality whose contributions to our youth and our community can never be truly measured. He deserves a nod of public gratitude. His sterling achievements at UCSB are unmatched as are his appearances in NCCA, NIT and having ESPN filming in the Thunderdome. Jerry's presence in Santa Barbara is valued and we look forward to his continued inspiration.

Tim Tremblay, President
Santa Barbara Athletic Round Table

History of the Athletic Round Table

Thirty one years ago, Jerry Harwin and Caesar Uyesaka sipped coffee at Caesar's Restaurant, talking about the need for a sports group in Santa Barbara that could pitch in and help out the local athletic community in times of need. After Jerry and Caesar shared a couple more coffee breaks together, the Santa Barbara Athletic Round Table was born. Its motto: *The advancement and betterment of all sports and athletics in the greater Santa Barbara area.*

The Round Table got off to a fast start. Its first organizational meeting was held at Santa Barbara's East Beach on January 25, 1968. Hundreds of people attended this meeting, and over 200 joined that evening as Charter Members.

The Round Table's first annual banquet was held at Santa Barbara City College on June 22, 1968. A number of outstanding athletes in a variety of sports were honored and the evening's highlight was the induction of local athletes into the Round Table's Hall of Fame.

Harry's Plaza Cafe was the site of the Round Table's first press luncheon held on September 14, 1970. This program was initiated by the new-president, Bill Bertka. These weekly luncheons were similar to a "Monday Morning Quarterback Club." All nine area schools were represented by the head coaches of the sport in season. For 28 years, the Round Table luncheons have continued to be held at Harry's every Monday, attended by standing-room only crowds.

Since their first meeting back in 1968, the Santa Barbara Athletic Round Table has helped hundreds of individuals and organizations by raising funds to support their athletic programs. Through membership dues, contributions, fund-raisers, and grant applications, the Round Table has raised more than \$1,700,000!

Funds are distributed according to need. The Round Table is proud that it has been able to help athletes at all levels compete in events they would otherwise not have been able to attend. With continued community support, the Round Table is confident Santa Barbara's sports opportunities will continue to grow with each new season.

GIRLS INCORPORATED OF CARPINTERIA

Girls Incorporated of Carpinteria was founded in 1971 to provide a safe and stimulating environment for girls after school while their parents were working. Since that time, the organization has developed a programming matrix that includes after school programs, career development, leadership, pregnancy prevention, media literacy and athletics.

In 1994, Girls Inc. moved from a 2000 square foot facility to one of 16,000 square feet. A major impetus for the building of the new facility was to provide a gymnasium for the growing sports program. Because of the hard work and support from the community, Girls Inc. now serves over 350 girls in its team sports programs: basketball, volleyball, softball, track and club volleyball. The track team competes in a Ventura County League. The four club teams compete in a Southern California Volleyball Association.

The coaches for many of the teams are community volunteers who have a commitment to girls achieving through their participation in sports. On one current 9-member club volleyball team, 6 girls have won athletic scholarships and 8 have plans to go to college.

Through these sports, girls learn the benefits of team work, goal setting, discipline and physical fitness. Learning basic skills, facing challenges, taking risks, building self-esteem and receiving maximum enjoyment from each athletic experience are the goals of this great organization.

ROBERT BRYAN

Each year the coaches for Special Olympics have the pleasure of selecting one athlete to represent Special Olympics as the Athlete of the Year. The requirement is that the athlete have a long history of competing in a variety of year round sports.

Robert Bryan was one of the nominations. After careful consideration, it was clear that Robert stood above the others. While a student at Devereaux, he competed in swimming, track, powerlifting, basketball, bowling, softball, soccer and golf. If that did not keep him busy enough, he would call the office and wonder why we were not offering a cycling and floor hockey program.

At Devereaux he held the school record on leg and bench press and treadmill. He was one of only two students that took and passed the Devereux lifeguard class. He graduated and now lives in the Santa Barbara Community.

We lose some of the athletes when they graduate from supported programs. They do not have someone who continues to encourage them to workout. This is definitely not the case with Robert. Robert continues without reminder. He is self-motivated. He wants to keep in shape, respects what sports programs have to offer him and he is currently one of the most helpful players on the basketball team.

Congratulations, Robert! We all admire you!

In fact, the 1997 Gauchos finished 32-5 and produced two AVCA All-Americans. Kathy has trained countless top athletes. From UCSB she has produced 18 All-Americans. Some of her players have gone on to pro volleyball careers and to become top beach pro players.

ABE JAHADHMY
San Marcos High School

Abe Jahadhmy has been the most successful coach in the history of San Marcos soccer. Since taking over the program in 1988, he has set a record of 193-61-14. During this time, the program won four Channel League Championships and reached the CIF Play-Off every year.

This year the San Marcos Soccer Team reached the pinnacle of success by winning its first CIF Championship. For his efforts, Coach Jahadhmy was named the Channel League Coach of the Year as well as the CIF Coach of the year for 1998.

In spite of all of his coaching accomplishments, Coach Jahadhmy's greatest contribution is his work with young people. He has served as the Athletic Director at the Goleta Boys and Girls Club, he served as a counselor to *Teens at Risk* at La Colina Junior High, and now is a Physical Education instructor at San Marcos High School. Additionally, Abe has been instrumental in helping start the soccer program at SBCC.

Coach Jahadhmy has carried over the same dedication to his athletes. Members of his team are required to attend SAT classes, to attend supervised tutoring sessions, and to listen to motivational speakers. The result is evident in the number of players who continue their education after high school. It is not surprising that in 1989 the soccer program was awarded the CIF Academic Championship Award. This is an honor that Coach Jahadhmy is as proud of any field victory.

Master Athlete

This award was established and endowed by Louise Lowry Davis to encourage the continued participation in competitive sports, regardless of age. it is given for achievement by an athlete over the age of 40 years.

TED HATLEN

Ted Hatlan with four medals he recently won at the National Masters Indoor Meet in Boston.

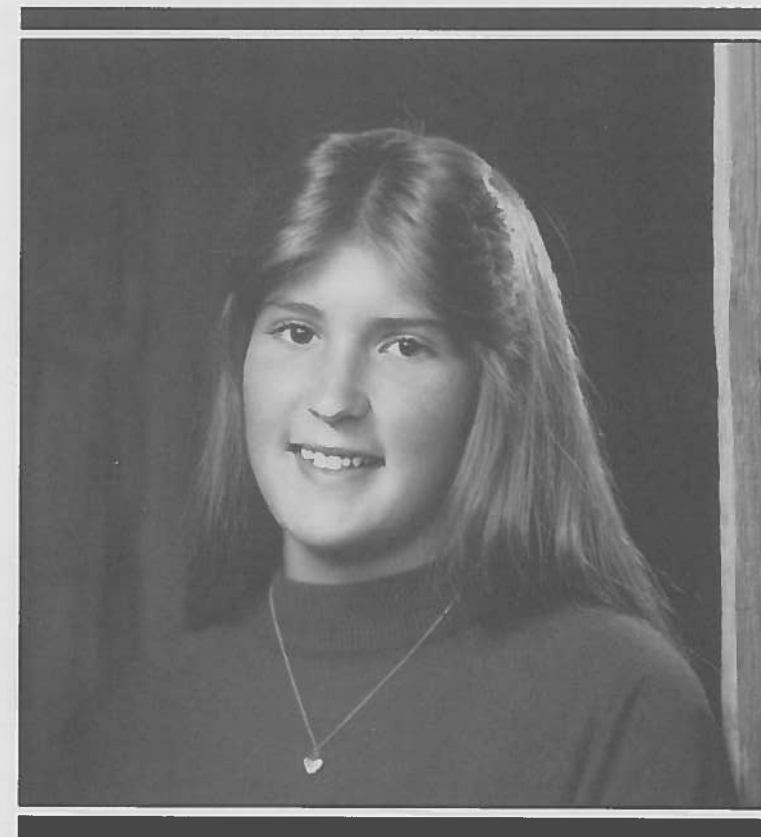

Ted Hatlen has been competing in Masters Track ever since he was sixty. He started out as a low hurdler, but has branched out over the years. Since he was eighty-five in March of 1996, he has competed in 5 national indoor and outdoor meets setting world records in the high jump and shotput and winning 16 gold medals and 4 silver medals including the National Decathlon and National Pentathlon championships.

Five years ago, Hatlen was inducted in the Gaucho Athletic Hall of Fame. In 1997, Masters Track and Field named Ted as the Track and Field Athlete of the Year in his age bracket.

Hatlen was founder of the Department of Dramatic Art at UCSB and the Campus Theater was named in his honor. Ted has served as President of the Friends of California Libraries, the Montecito Rotary Club, the Santa Barbara Art Association, and the Friends of the SBCC Luria Library which Ted and his wife Dorcas founded 10 years ago. As a Professor Dramatic Art at UCSB for over a span of 37 years, Ted directed over a hundred major productions at the Lobero, The Alhecama and in the UCSB Theaters. He and Dorcas are well known for their designs and decorations for events and balls at The Santa Barbara Art Museum, The Santa Barbara Symphony and the Music Academy of the West.

Ted is also the author of *Orientation to the Theater* which is now in its 6th edition published by Simon Schuster.

1998 HALL OF FAME

Marina Gomez Outstanding Athlete

The parents of Marina Gomez could have saved a lot of typing and newspaper copy if they had just named Marina Gomez "All" as in *All-League, All-Conference, All-CIF, and All-State*.

In her 4 year career at Bishop Garcia Diego High School, she participated in volleyball, basketball and softball. She earned All-League honors 8 times and All-CIF 6 times. In volleyball, Marina was All-Tri Valley League in 1974, '75, and '76. She was All-CIF in 1974, '75, and in '76 as All-CIF MVP.

Basketball season ended in 1974, '75, and '76 with Marina being named All-Tri-Valley League and All-CIF in 1976. She was honored as SBART Athlete of the Year in Girls' Basketball.

Softball brought Marina Tri Valley honors in 1975 and 1976 as well as All-CIF and a second honor from the SBART.

Being named All-CIF in three sports is even more remarkable because in 1974, '75, and '76, CIF was not in Divisions. Girls' Athletics were all one division.

The move to SBCC did not diminish her appetite for competition. She just added track where she was a member of the State Championship Track Team in 1977, placed second in the state shot put and she holds the 4th best shot and discus records for the Vaqueros. She became the school's MVP in basketball two years in a row. Marina led the 1977 volleyball team to an undefeated conference championship and was named to the All-State Volleyball Team. She returned to assist her former SBCC volleyball coach, Pat Moorhouse.

The likeness of Marina Gomez stands tall in the Bishop Garcia Diego Hall of Fame and the Santa Barbara City College record books.

Does this sound like a good athlete, or what? 15

1998 HALL OF FAME

Tom Montross
Outstanding Athlete

Tom Montross was a tough kid. Bet on it.

Any kid missed in the middle of a family with nine kids is going to be tough. Nobody competes like brothers and sisters, especially when there are lots of them in a family.

But parents, Byron and Lucille evidently maintained some sanity and out of those experiences came a superb athlete, a young man that his community remembers well. Do the symbols and words All League, All-CIF, All-Conference, MVP and All-State mean much? To those of us who have spent our lives in the world of athletics, they tell a great story.

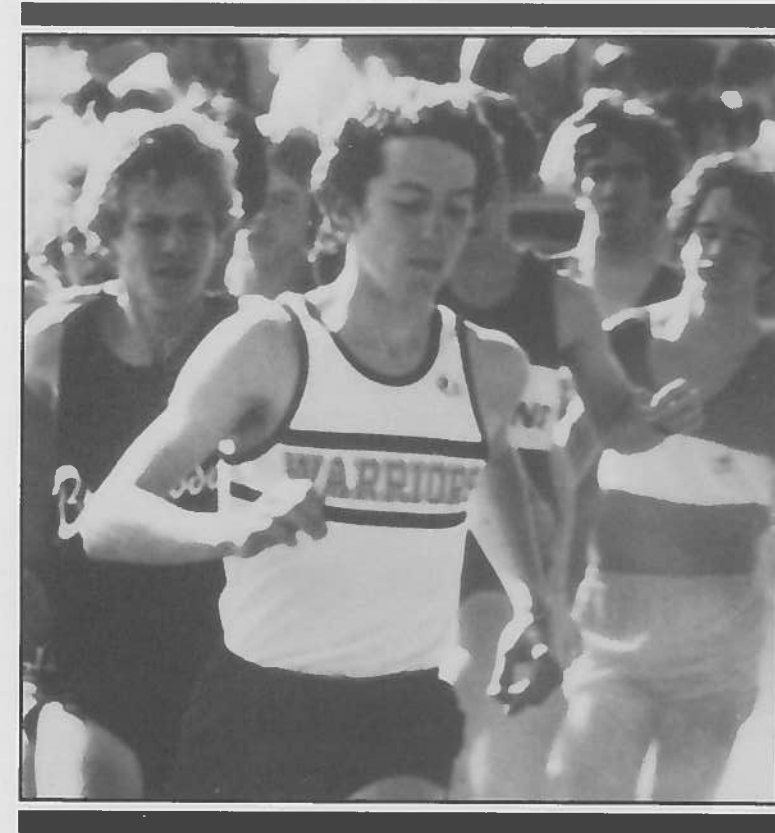

The story they tell was written for Tom Montross. Three years as Bishop Garcia Diego MVP and All-League in football, All-CIF in 1968, All-League and

All-CIF basketball in 1967 and 1968, and All League pitcher for 3 years.

Add those up and they equal Bishop Garcia Diego Hall of Fame. In these days of specialization in athletics, a Tom Montross in an endangered species. Tom went on to SBCC football where he was a two year All-League and All-State player as well as the defensive MVP in 1969 and 1970. His scholarship to USF was short circuited by a serious shoulder injury.

Tom now lives in San Bruno with his wife Shauna and is an athletic director at the Olympic Club in San Francisco and still participates. Surprise! He coaches daughters Alicia and Ashley. Tom always valued sportsmanship and dedication. Some things never change!

1998 HALL OF FAME

Tom Grewe
Outstanding Athlete

One mile is not very far. In fact, as you leave here tonight enter Calle Puerta Vallarta and head west on Cabrillo Boulevard. One mile will get you just past the Friendship Fountain at the entrance to Stearns Wharf. It shouldn't take you more than four minutes in your car.

When Tom Grewe was a young teenager at Carpinteria High School, he might have beaten you that 1 mile distance in his running shoes!

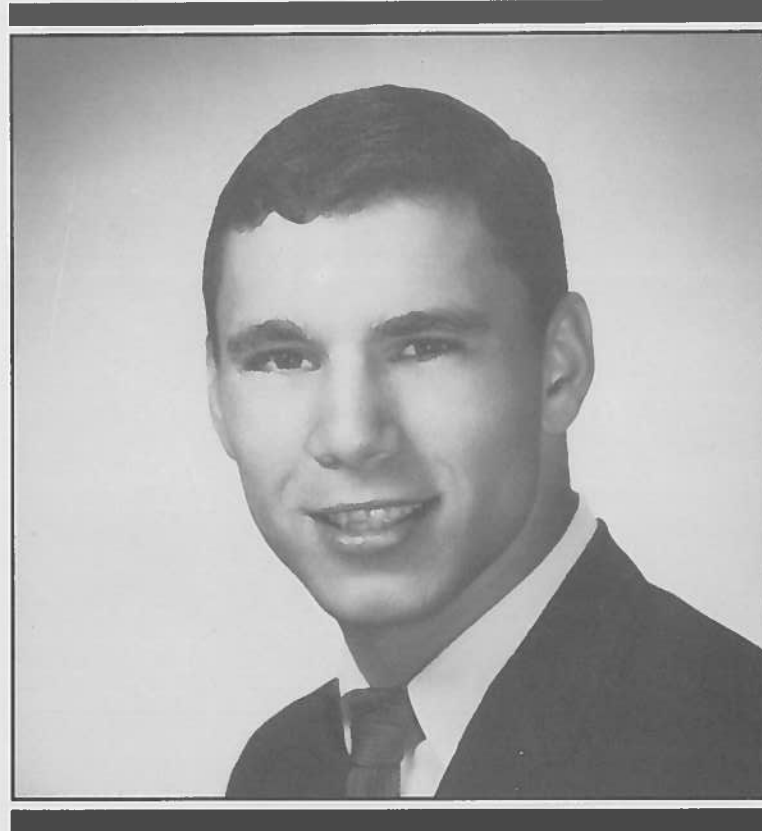

That's the pace Tom set when he won the CIFSS Master's Meet followed by the California State Championship in the 1600 meters with a time of 4:08:05. For those who have followed Tom's career, the fact that he became a prep All-American came as no surprise. As a Junior runner for the Warriors, he became the first CIF Division 1-A runner to ever win championships in Cross Country 1600 and 3200 meters in 1 year.

As a senior, he once again won all three titles in a span of two years Grewe had won eleven major championships including the prestigious Sunkist Invitational and the Bruce Jenner Classic.

Grewe was voted MVP of both the Cross Country and the Track Team at Tulane University then returned to Santa Barbara CC and became the state Champion in the 3000 meter. Recruited by UCLA, injuries plagued him, but did not prevent him from running the 2 mile, 5000 meter and the steeplechase to help the UCLA Bruins become the 1987 NCAA Champions.

Tom Grewe now serves as an intelligence officer in the U.S. Navy and resides in Monterey with his wife Lisa and 2 children. Champ has a nice ring doesn't it?

1998 HALL OF FAME

Ron Fricia
Outstanding Athlete

One of the traditions in track and field meets is to run a non scoring *fat* man relay. It is exactly what that term would imply: a bunch of big buys running a 4 x 110 yard relay. At the end of the meet these guys are usually so slow they pack a lunch for detour via McDonald's.

And since this is a track and field phenomenon, you could easily surmise that these teams were made up exclusively of shotputters and discus throwers. Maybe even a javelin tosser if he is big or slow enough to qualify.

Ron Fricia couldn't qualify for the team. Ineligible. The problem: he was big enough, but not fat enough and besides he was too danged fast. Ron Fricia was the outstanding all-around athlete during his three years at San Marcos High School.

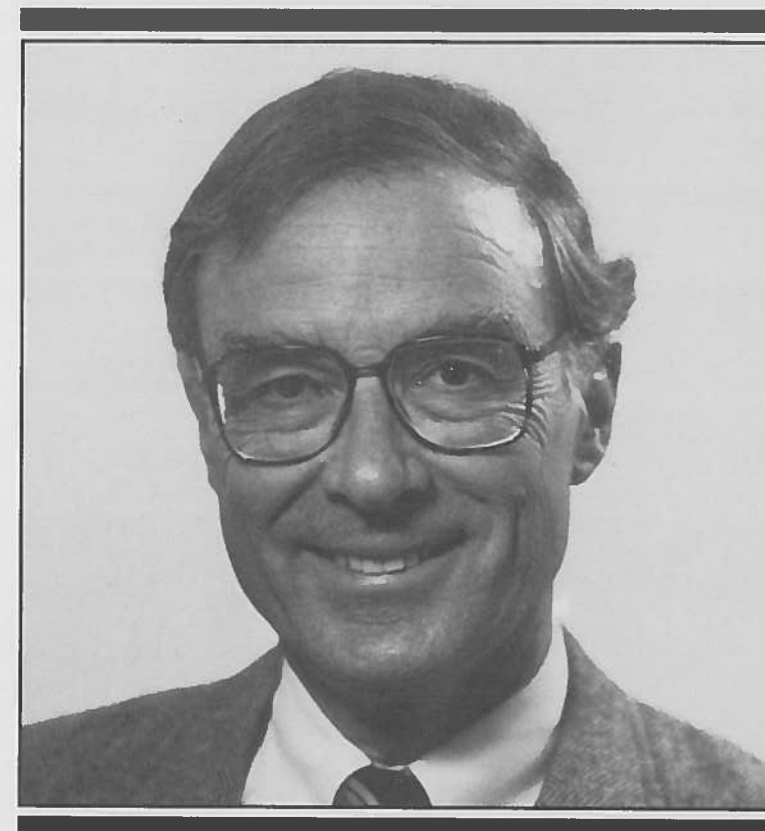

Perhaps his track credentials along with his smart and aggressive play can help explain his success in Royal football.

Fricia ran the 100 yard dash in 10.1 seconds, put the shot 61 feet 1 inch. He threw the discus 169 feet and high jumped 6 feet 1 inch. Ron also ran the high hurdles. No fat man competition for this guy!

That 61 foot 1 inch shot put earned Ron a 2nd place in the state track meet. He carried that success both in football and track to SBCC where he set records in both the shot and discus throw. He still holds the record with a put of 51 ft. 1 in. for the heavier college shot.

That tremendous athletic ability established Ron as an exceptional member of the SBCC football program and ultimately a Hall of Fame induction.

1998 HALL OF FAME

Desmond O'Neill
Community Leader

From Shanghai, China, to the SBART Hall of Fame? Desmond O'Neill didn't run all the way, but if it hadn't been for the water, he probably could have. It took him almost 20 years to land in Santa Barbara with stops in Ireland, Santa Cruz High School, UC Berkeley, and the Boalt School of Law.

But it didn't take Des long to become involved and while he never conceived of it, that 25 year involvement would be recognized by the Athletic Round Table as Community Leader, a commitment for which he is being honored tonight.

Activity, volunteerism and contribution fill his resume, but his greatest character trait is *unselfishness*. Thirty four years of membership in the SB Athletic Association, the last 30 as President. Des has been a member and Past Chairman of the Parks and Recreation Commission, Director of the Las Positas Foundation Board, PARC Foundation and presently Trustee of the SB Community College.

During these periods of service, he has officiated and announced track at Westmont, UCSB and SBCC. Des has served on the race crew of the SBAA and has served as Editor and contributor for *Runner's World*. He is a certified AAU and USAT&F official in both Northern and Southern California.

What piqued his interest in running when he was a 12 year old in Ireland was Roger Bannister's four minute mile. He was off and running miles, marathons and 50 milers. He doesn't run competitively these days, he just spends time helping those who do.

In his spare time, he practices law, serves as an instructor at the SB College of Law and is presently Associate Dean and instructor at the SC Institute of Law and has held every position in the SB County Bar Association. Now Des O'Neill is the President of the Santa Barbara Festival Ballet and is also a performer in local theater and the Nutcracker Ballet.

1998 HALL OF FAME

Gordon McClenathen
Coach

Gordon McClenathen's parents were smart people. They moved to Santa Barbara in 1948. Four years later their son would set the SBHS Mile Record and begin a lifetime of running and success both as a participant and as a coach.

School records, championships, conference titles and national honors in track and cross country at both El Camino College and UCSB seemed routine. The late Nick Carter, UCSB Coach said in 1983, "He is the best distance runner ever to represent UCSB."

But tonight Gordon is being honored for his coaching record at Dos Pueblos. No surprise! In twenty nine years his Boys' Cross Country Teams were 333 wins to 94 losses. He won 8 Channel League titles and had ten 2nd place finishes. Twenty five times his team entered CIF Championships, 10 times reaching the finals and finishing in the top five, four times.

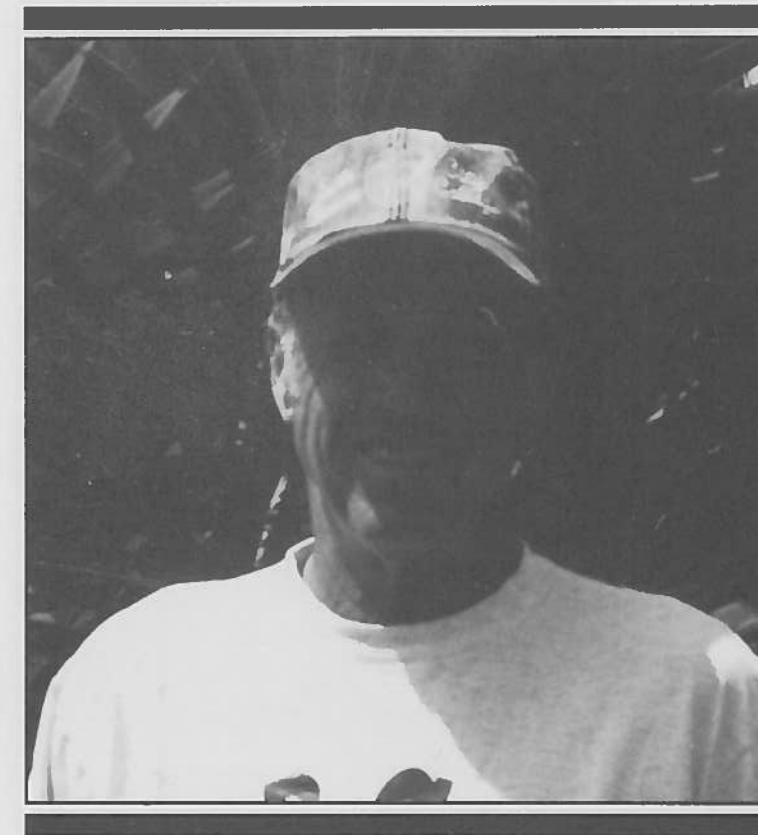

As head coach for the Girls' Cross Country Team, his record was 58 wins and 20 losses with a Channel League Championship and four runner up finishes. He took his girls to four CIF finals.

His Charger track teams for whom he served as assistant and head coach, dominated the league winning 52 consecutive dual meets that lead to nine Channel League championships and three runner up finishes.

McClenathen is in the UCSB Hall of Fame, was the SBART High School Coach of the Year in 1983, and the 1994 CIFSS Coach of the Year in Cross Country.

Gordy, add the SBART Hall of Fame to your resume! From of all your Dos Pueblos "kids," a big Thank You.

1998 HALL OF FAME

Jack Sanford
Coach

Ever notice how success manages to follow certain individuals? No matter what happens, what gets in their way, or what obstacles they must overcome, they fight through to the top! Coincidence? Hardly. Luck? Nice to have, but it will never get you to the pinnacle.

How about hard work and determination? Caring. Principled. Good teaching. Enthusiasm and knowledge. Discipline. Role Modeling. Dedication. They'll get you there.

Sound like someone you know? Jack Sanford says he played football, but never scored. He won no awards in basketball and never won a tennis championship. But he is a champion. Here's a clue: he disagrees with the old adage that winning is the only thing. His philosophy? "Competing the entire contest to the best of your ability is the only thing."

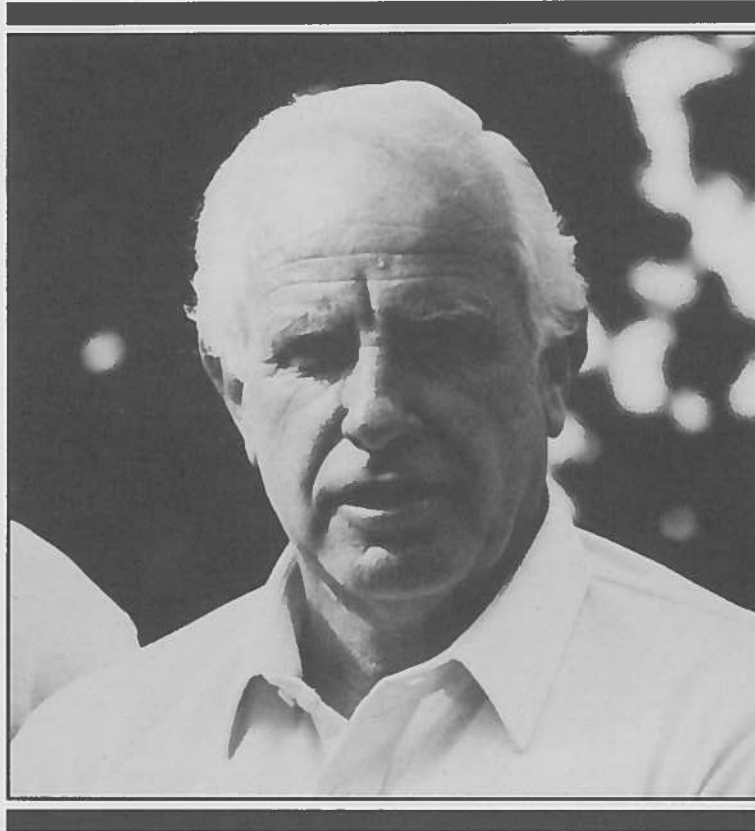

From New York to the Air Force to Cal Poly to Hanford High School where he coached boys and

girls tennis among other sports. Within three years they were dominating San Joaquin Valley Tennis. Then good luck took over for SBCC when he became the Vaquero tennis coach and led them to the pinnacle—the California State CC Tennis Championships.

Jack's real championship has been at home with his wife Cathy and their three sons and three daughters all of whom played high school and college tennis. Cathy was also a dedicated and competitive tennis coach and was named the SBART College Coach of the Year in 1996.

Since his retirement in 1994, Jack has remained active in community affairs and is a certified USTA tennis official who works the prestigious Ojai Tournament. Tonight Jack is now joining the SBART Hall of Fame. Congratulations, Jack!

1998 HALL OF FAME

John Hamson
Special Achievement

John Hamson is a fast guy: he swam and ran Track at Van Nuys High School, ran Track and Cross Country at Chapman College. He married Nadine and has 4 sons and two stepsons, runs Midco Construction with his oldest son Greg, and has 9 grandkids.

For 25 years he has participated in stock car racing competition, carting and mini stocks. He has raced against Winston Cup drivers at Riverside and Ontario raceways, has competed at the national level and won regional championships as late as 1992. He won the *Hard Charger* award for passing 45 competitors in a 30 minute race.

So how with all this going on has John Hamson had time to contribute so much to this community? It's called dedication and unselfishness. From 1971 when he coached his first Youth Football League team to the 1997 Santa Barbara County High School All Star Football Game, he has given to our kids.

That's 27 years of community service! He coached, served as Athletic Director, Vice President and President of the Youth Football League, and was President of the Santa Ynez YFL and the AD of the 85 Coastal Valleys YFL teams (organizing over 1850 players!). He is presently scheduling director for the YFL, the CVYFL and the CVYFL North.

Not enough? He coached JV football at Santa Ynez HS from 1989 to 1992 and founded the *Wall of Honor* to honor student athletes who graduated from college while participating in athletics.

Hamson is proud that he lead a dedicated YFL Board out of serious financial problems in the 1980's in only 2 years. He is equally proud of his 15 year effort to resurrect the All-Star Football Game from near cancellation to a popular and well attended athletic event. John epitomizes the ideals of our Round Table.

Scholar-Athlete of the Month

Sponsored by the
Human Performance Center

The Santa Barbara Athletic Round Table Scholar Athlete of the Month Award was initiated in September 1986 after the Round Table's Board of Directors recognized the need to honor those students who are not only successful athletes, but who maintain strong academic and extracurricular credentials.

Qualifications for nomination include participation in varsity athletics at the high school level and in designated athletic programs at the college level. Academic qualifications include outstanding grade point averages, usually greater than 3.5, in conjunction with other scholarly activities such as honor societies, scientific societies, extracurricular activities and outstanding aptitude test scores for high school. Students have been selected by principals, senior counselors, athletic directors and coaches at the various high schools and colleges in the Santa Barbara area, in association with the Athletic Round Table.

The Athletic Round Table feels that the significance of this award goes beyond recognizing individual students who have outstanding academic and athletic records. It also is a reminder to the community that it is possible for a student to participate in athletics and still maintain outstanding academic achievement. We are proud to present the 1997-98 Scholar Athlete Awards to:

Stephanie Norris	Carpinteria High School
David Sears	Dos Pueblos High School
Rob DeConde	San Marcos High School
